TALE EASILY DEFEATS AMHERST. MORE SNAP IN THE WORK OF THE NEW-HAVEN

Mayen, Conn., Oct. 5 (Special).-Quick, snappy play and brilliant running by the backs were the characteristics of Yale playing this afternoon when tain Chamberlin's men put an unexpected, though snowed the visitors under. Only once was Yale's goal in danger, when in the second half Dupee's kick was blocked and the ball rolled back, almost over the line, notly pursued by both teams. Dupee,

the end by Townshend soon carried it out of danger. the end by Townshend soon carried it out of danger. Yale began the game, Marvin kicking to Burdon. Amberst tried to advance the ball, but falled the ball going to Yale on downs. Marvin went around the right end for ten yards. Corwin followed sult around the left, and Marvin again skirted his end for a teuchdown. Brown kicked the goal. This is the story of the whole game. Yale would get the hall and Marvin, Corwin. Townshend and Benjamin, skirting the ends behind strong interference, made long runs time and again. The only good playing on the Amherst team was done by Kendall, who was a nost in himself. He was everywhere, and, tackling at either end of his line, stopped many long dashes of the Yale backs. The interference of the Yale team was strong, quickly formed for this time of the year, and was a very piensant surprise to the undergraduates after the listless work of the last week. The work of the Yale backs has already been mentioned. Among the linement, Walton at centre showed considerable improvement, and Coy and Eddy on the ends made several brilliant tackles. The former also made a run in the first half which was much applauded. Whitney, of Amberst, made several pretty plays. In the second half Yale made eight changes in her lineup, but this did not materially affect the suap and ginger which seemed to take hold of the whole eleven. Dupce, who was substituted for McBride at fullback, punted well, although slow in getting his kicks off. The teams lined up as follows:

#### PRINCETON, 42; STEVENS, 0.

Princeton, N. J., Oct. 5 (Special),-The best football which has been seen on the Princeton grid-Stevens Institute. Satisfaction is felt not so much eam gives of working as a unit before the season is much older. Last Saturday showed a wretched exhibition of football by a Princeton team, the play being comparatively loose and full of individual work. To-day interforence made its first appearance on the field, and in such a hearty and robust manner as to leave no doubt that it will be seen on the field each day this season. From start to finish the team played together, and literally played

weak, and these points were utilized by the Tigers to make their principal gains. The first half netted weak, and these points were utilized by the Tigers to make their principal gains. The first half netted the Orange and Black five touchdowns and five goals, the second half two touchdowns and two goals. Lathrope made the first touchdown two and one-half minutes after play began, and after a thirty-yard run by Reiter, Lathrope was sent through right tackle for a second touchdown. Hillebrand got the ball at the next kick-off and ran thirty yards before being dropped. Reiter took the ball and made a beautiful seventy-five-yard run behind splendid interference for another touchdown. Hutchinson, Reiter and Lathrope rushed the ball to Stevens's ten-yard line, and Mattis was sent through the centre for a touchdown. Meyers kicked off to Mattis, who returned it fortly yards and scored another touchdown. Mills kicked all the goals. Score: Frinceton, 39; Stevens, 0.

Montgomery did some good tackling in the second half. Mattis got the ball and went through the whole Stevens eleven for a touchdown. Crane and Black rushed to Stevens's ten-yard line, and Crane was shoved through right tackle for a touchdown. Mills kicked the goal.

This ended the scoring. Mills seems to be a sure thing when it comes to goal kicking and at guard he is putting up a good, able game. Lathrope, in to-day's game, showed that by careful training he will make the most aggressive back that Frinceton has had for some time. Hutchinson and Booth succeeded in distinguishing themselves to-day also. The line-up was as follows:

## HARVARD, 28; BOWDOIN, 6.

Cambridge, Mass., Oct. 5 (Special).—The first score of the season against one of the Big Four was made against Harvard to-day by Bowdoin. The score was made by straight, hard pl through Harvard's tackles and round the ends. There were no flukes, and there is nothing but praise for the Maine team and the hard game that they put up from the start. In the course of the afternoon Harvard managed to roll up twentyeight points by five touchdowns, three in the first

In the first half Harvard played her regular team, with Dibbies in the game and Daly at quarter. After the intermission, however, Dibbies was supplanted by Sawin, Boal went in at right half, and Hatch took Daly's place at quarter, Harvard's tackles did the blundering. MacSergeant, who has barely been on the team for this last week, was put in Burnett's place, and throughout the after-

Harvard played a snappy game, and at many times showed up in better form than last Saturder, but the defensive was weak. In the second half, Bowdoin got the ball in the centre of the field, and Clark began a series of plunges through the centre and tackles. After a few five-vard the centre and tackles. PENNSYLVANIA, 50; NORMAL SCHOOL. Phiadelphia Oct 5 (Special).-The open date in schedule of the University of Pennsyl vania this afternoon was filled in by the Mansfield Sate Normal School. It was merely a practice game, and really not as good a one as the "scrub" could have given to the "Varsity. The score was to to 0, of which all the points were made in the first half. For the most part the game was played in a pouring rain. Long runs were made by Cartell and Harrison, and one of the features was the goal from a place kick made by Captain Outland from a place kick made by Capian Outland from the twenty-five-yard line. The schoolboys braced up in the second half and played a better game, while Pennsylvania let up a bit and tried various plays. The guards' back formation was used little, most of the work being done by the tackles and halfbacks in straight work. Hare, who has been nursing a game leg for several weeks. Was back in the game to-day, and showed he had not formatten how to tackle on the end. The lineup was as follows.

# BROWN, 29; TUFTS, 6.

Providence R. L. Oct, 5.—This afternoon, at Provi dence. Brown defeated Tufts, 29 to 6. Tufts played A shappy game and scored in the first half. In the first half Brown's work was ragged; in the second Wheeler and three new men went into the field and Tufts was unable to score again. The summary fol-lows: Touchdowns Brown, 4: Tufts, 1: Time-Two fifteen-minute halves. Score-Brown, 20; Tufts, 6.

Club interest centres in the game of October 15 at Berkeley Oval against the Duquesne Athletic Club's eleven. The Pittsburg organization has formed a strong team. The Knickerbocker has some promising material for this season. Of the old men, liughes, Cornell, Kindgen, Bowdin, Miller, Waters, Von Musits, Beers and Larender. Von Musits, Beers and Larenden are playing again, while the additions are Ohl, of Cornell: Valentine, of New-York University; Ludiow, of the University of California, and Sherman, of Peekskill Military Academy. Williams, last year's centre and guard, and O'Connor will be out in a few days, and other candidates for places include Handley, Fulton, Kempner and Gardner.

cuse to-day at football by a score of 30 to 0. The Syracusans played a magnificent game in the first half, and took the ball within a short distance of Cornell's goal. Whiting's run of the whole length of the field for the lithacans only touchdown in the half was the feature of the game. In the second half the Cornellians scored four more touchdowns. Whiting scored three of these, and Sleicher the other. Cornell's offensive work in the second half was fine. The Syracuse line was unable to hold the Ithaca backs. Young, Cornell's quarterback, kicked five goals, three of them being hard ones.

LAFAYETTE BEATEN AT PITTSBURG. astic football rooters saw Washington and Jefferion defeat the Lafayette College team to-day 16 to 0. The Eastern boys put up a stiff game, but lacked considerably in team work. Matthews's continual gains through centre and around the ends and Welty's forty-yard for a touchdown were the features. The ball was in Lafayette's possession for only short seasons. The halves were twenty-five and thirty minutes.

#### CYCLING.

TREASURY DEPARTMENT EXTENDS THE FREE ENTRY OF BICYCLES.

THE CIRCULAR OF JUNE 2 AMENDED, SO AS TO CONFER ITS PRIVILEGES ON THREE

yesterday from the Treasury Department in Washington, amending the Department's circular of June 2 regarding the free entry of bicycles of the Canadian Wheelmen's Association, so as to extend to the Cyclists' Touring Club the privileges conferred by that circular, and giving also a form of certifiby that circular, and giving also a form of certificate which the Department has adopted for use, as
far as practicable, on the importation and exportation of bicycles owned by members of the Canadian
Wheelmen's Association, the League of American
Wheelmen and the Cyclists Touring Ciub. In filling out this certificate, which is to be submitted
to the Collector of Customs, the applicant requests
permission for the delivery, without payment of
duty, of his bicycle, the name, make, number and
value of which he states, and which he declares to
have been brought into the country by himself as
a tourist and a bona-fide member of a specified bicycle organization. The applicant's full name and
address are given, and his certificate or ticket of
membership is presented for the official stamp of
the Collector. He also agrees to re-export within
four months his bicycle, with the alternative of
paying on it a duty based upon the valuation given
by himself.

A list of the League of American Wheelmen bicycle clubs has just been issued by Abbott Bas-nett, the secretary of the League of American Wheelmen. The list is a significant one, and it shows that the officials of the New-York Division have a good opportunity to do recruiting work whenever they may feel disposed to do it. In this city alone there are possibly two hundred bicycle city alone there are possibly two hundred bleyels clubs, and yet of that number only four or five are league clubs. There are only ten league clubs in the State and only a few over a hundred in the entire country. The Harlem Wheelmen, of this city, one of the oldest and most prominent clubs, resigned from the league because of the difference with A. D. Waite, the chairman of the State Racing Board.

are arranging for a bicycle meet to be held at the Parkway Driving Club, near Gravesend, on Election Day afternoon. The meet will be confined to amateurs only, and it will be held under the sanction of the League of American Wheelmen. Some attractive features are promised by the promoters.

Athletic Club Wheelmen participate in Sunday races at Maspeth, Long Island, has led to a misraces at Maspeth, Long Island, has led to a minus understanding in cycling circles, involving the Bushwick Wheelmen, of Brooklyn. There is no connection whatever between these two organizations, and members of the Bushwick Wheelmen do not enter races held on Sunday.

Another effort will be made to hold night bicycle races at the Ambrose Park track, in South Brooklyn. The first contests will take place on October 15. The entries will close on October 12 with C. W. Plumb, No. 29 Park Place. The contests will be as follows: One-mile novice, one-mile handicap, one-mile open (to colored riders) and a three-mile handicap.

# LAWN TENNIS.

WHITMAN BEATEN BY DAVIS AFTER AN

EXCITING THREE-SET MATCH. New-Haven, Conn., Oct. 5 (Special).—The inter-collegiate championship lawn tennis tournament here to-day furnished some of the most sensational play seen this year. Whitman, the National cham-pion, was beaten by Davis, runner-up at Newport, after an exciting three-set match, in which the champion came within a single stroke of winning the match before he was beaten. Both are Har vard men, so the result did not hurt Harvard's chances of winning all the honors in sight; in fact, to-day's play improved these chances, for Davis and Ware are almost sure to get first and se in the singles, and the two Harvard teams are expected to meet in the final of doubles. Whitman was a strong favorite before the big match began this morning because of his previous victory over Davis at Newport, but many remembered how the champion went down last year in the intercol-legiate tournament before Forbes, so none were surprised at the result. Davis is known to be a dangerous man for any one, and when in his win-

Whitman seemed to have everything his own way at first, and his opponent seemed almost outclassed.
The champion played carefully, and took advantage of every opening to win a stroke. Davis's showing at first was disappointing to his friends, but he soon redeemed himself. In the second set he kept In the lead most of the time, the score being called in his favor at 3-4 and 4-3. Whitman then won two games, and, with 5-4 in his favor, needed only one stroke in the tenth game for the set and match. Davis rose to the occasion at this critical

one stroke in the tenth game to match. Dayls rose to the occasion at this critical point, and with excellent nerve won a clever ace on a fast cross-court drive. Whitman finally lost this game and the next, but got the score back even again at 6 all. Again Dayls led at 7-6. Again the champion won the next game, but then Dayls got two games in succession, and the set was his, and the score tide at one set all.

The third set was most remarkable, and very much like the last six games in Dayls's first set against Whitman at Newport, when the former against Whitman at Newport, when the former shut the champion out entirely. Dayls hit the bails so fast and to so near the basils that the bails so fast and to so near the basils that Whitman could make little headway against them. Whitman could make little headway against them, there times in succession the champion led at 30 love, but each time Dayls pulled out the game by the cleverest kind of play. Whitman could not get a single game in the last set, and he match went to Dayls, with a love set to decided it.

In the mean time Ware had beaten Little on the next court, and Harvard had earned one place in next court, and Harvard had earned one place in next court, and Harvard had earned one but rain asopped it after the Harvard man had won one

Championship singles (first round)—D. F. Davis, Har-ard, beat M. D. Whitman, Harvard, 2-6, 9-7, 6-0, emi-final round—L. E. Ware, Harvard, beat R. D. Little, rinceton, 6-1, 6-0; D. F. > ROCKAWAY WINS PROM MEADOW BROOK IN MATCH PLAYED IN A DRIVING RAINSTORM.

The first of a series of polo contests for the Staten Island Polo Club cups, presented by Benjamin Stern, president of that club, was played at the Manor Farm Polo Field, West Brighton, States Island, yesterday afternoon. The tournament is held under the auspices of the Polo Association and utes' actual play. While the weather was threatenfield and by 3 o'clock the broad veranda of the club begin the storm broke and the greater part of match was played in a driving rain. Fortunately there were no accidents, but the play was not so sharp as it would have been had the turf not been wet and slippery.

Megdow Brook and the Rockaway clubs, Th players and their handleaps were: Meadow Brook, goals; No. 3, Maxwell Stevenson, 2 goals; back, C. A. Stevens, 3 goals. Rockaway: No. 1, W. A. Haz

Tack Dollett, jr., 5 goals; back, G. L. Meyers, 4 goals.

Flay opened with a hard battle between Dollett and Meyers, and Stevenson and Stevens, and Dollett scored the first goal in five minutes. The Rockaway men scored four goals in succession in the first period, Meyers making the second in two and one-half minutes. With but thirty seconds for play Stevenson secured the ball, carried it down the field and scored the first goal for the Meadow Brooks.

In the second period Dollett, Meyers and Hazard each scored for a goal, the first after six and one-half minutes of play, the second in half a minute and the third in one minute. Hazard and Meyers scored in the third period in eight and three-eighths and three minutes.

Stevenson scored another goal for Meadow Brook in the last period, while Meyers scored two for Rockaway, the last after nine and one-half minutes play and fust as the bell rang to recall the players. Meadow Brook lost in the last period by a safety, and the final score was: Rockaway, II; Mendow Brook, 4%.

On Saturday the Rockaway and Staten Island teams will meet at the same place.

# WANT RECEIVER FOR ALABAMA PROPERTY.

TITLE TO LANDS AND COAL WORTH \$1,000,000

Birmingham, Ala., Oct. 5 (Special).-John Greenugh, of New-York, and other American stock-olders of the Jasper Town and Lands Company, ough, of New-York, and other American stock-holders of the Jasper Town and Lands Company. Limited, of London, England, which is the parent of the Corona Coal and Coke Company and other Alabama corporations, have filed a supplemental bill in the Federal Court asking the appointment of a receiver for all the property of the Jasper company and to restrain J. H. Bartlett, receiver of the Corona Coal and Coke Company, and American representative of the English interests from disposing of the property of the Corona Coal and Coke Company. The original bill pelitioned for practically the same things, but was dismissed by Judgo Bruce on the ground that the Alabama State courts already had jurisdiction over the matter.

The supplemental bill raises the point that the English corporation was not authorized under the laws of Alabama to hold a legal title to the Alabama corporations and direct their affairs. It is also alleged that the English stockholders are about to forfeit the stock of the American stockholders, because the latter refuse under the present circumstances to pay assessments upon their stock. The bill raises many interesting questions, involving the title to over \$1,00,000 worth of property.

rider and member of the Meadow Brook Club, who was arrested some days ago on a warrant sworn out by James Johnson, of Hempstead, in which he alleges that Mr. Page killed his horse in a brutal manner by hitting him in the head five times an axe, was arraigned before Justice James Seaman at Wantagh on Tuesday evening and discharged. Frederick Engraham, of Hempstead, appeared as counsel for Mr. Page, and Anthony Warling, at one time a justice under John Y. McKane in Gravesend, appeared for Johnson.

The warrant was made out under Section 64 of the Penal Code, which does not warrant Mr. Page being held on this charge, and the case was consequently dismissed. Later in the evening Johnson swore out another warrant under another section, which provides for his case. The warrant was given to Deputy-Sheriff George S. Smith, and will probably be served on Mr. Page to-day.

Johnson claims that the value of his horse was 100. It is understood that he will endeavor to have the Society for the rrevention of Crucity to Animals arrest Mr. Page for crucity to animals arrest Mr. Page for crucity to animals. READY TO SAIL FOR SPAIN.

PATTLE-SHIPS OFF TOMPKINSVILLE JOINED BY THE COLLIER SCINDIA-RUMORS AP-

were being kept at the Tompkinsville anchorage n readiness for dispatch to the Spanish coast were apparently confirmed on Tuesday evening, when the collier Scindia, which had been at Hampton Roads under orders to accompany the warships on their voyage to the Pacific, arrived near the big ships and anchored. No other reason could be assigned for the ship coming North, when her course was South, except that she was to be held with the ships in readiness for a sudden move across the Atlantic.

tively about the contemplated movements of the ships, but the opinion was freely expressed that Work on the Brooklyn and the New-York, the two ships which will be likely to accompany the Oregon and Iows if they are sent to the Spanish coast, is

tion, and the flagship and the cruiser can be made reacy for sea in a short time.

The Scindia has a full cargo of coal, and has a small battery of rapid-fire guns. The Iris, now at the Navy Yard, is also spoken of as a supply vessel likely to be sent out with the fleet. She is nearly ready for sea.

St. Louis, under command of Captain Randle, to-day left Cramps' shipyard, where she has been for resume her service as a part of the fleet of the International Navigation Company. The first trans-atlantic trip of the St. Louis is set down for Oc-tober 12. She has undergone extensive alterations

atlantic trip of the St. Louis is set down for totober 12. She has undergone extensive alterations
necessary to reconvert her from a cruiser into a
merchantman. The St. Paul yet remains at
Cramps'. It was originally intended that the St.
Paul and the St. Louis should go to Newport News
for drydocking but this plan has been changed, and
they will have this work done on the other side, at
Southempton.

The steamers St. Louis St. Paul and Paris will
sail from New-York in the order named. The NewYork, whose war name was the Harvard, will be
laid up indefinitely at New-York and it is the intention of the company, as heretofore, to maintain
their service with the three steamers mentioned.

The return of the former auxiliary cruisers to
regular service means the return of the steamers
to Philadelphia, which were taken from this port
to run in the Southampton service in the place of
the war vessels. These are the Belgian steamers
Rhynland, Waesland, Fenniand and Belgenland.
They formerly ran between Philadelphia and
Queenstown. This service will new be re-established on a weekly basis, between the ports mentioned, including Liverpool, and in addition this
fine fleet will be reinforced by the steamer Russla,
making five vessels available.
